- Model: 096-TQX-1
- Washing heads: 1
- Size of platform: 250\*1170mm
- Height of the platform: 6600
- Size of the machine: 1200\*850\*2070mm
- The maximum stroke of the stopcock: 300mm
- Net weight: 400kg
- Capacity: 10-30 kegs (SS keg)/h
- Air consumption: 8-22.5 m3/h
- Water consumption: 1-3 m3/h
- Power: 950 W
- Washing type: inversion
- The keg size: Dia:φ250mm-φ500mm H:400mm-660mm
- Material of keg: SUS304
- Washing scope: 2-50L plastic and stainless steel beer kegs

- Model: 096 HG-QX-2
- Washing heads: 2
- Size of platform: 510mm\*1170mm
- Height of the platform: 660mm
- Size of the machine: 1200\*1550mm\*2070mm
- The maximum stroke of the stopcock: 300mm
- Net weight: 450 kg
- Capacity: 90 kegs/hour
- Air consumption: 8-22.5 m3/h
- Water consumption: 1-3 m3/h
- Power: 950 W
- Washing type: inversion
- The keg size: Dia:φ250mm-φ500mm H:400mm-660mm
- Material of keg: SUS304
- Washing scope: 1/6, 1/4 and 1/2 with type D
